

Aim:

To write and execute a Java program to demonstrate the implementation of class 1 implements interface 1.

Steps for Execution:

1. Create a folder named assignment.
2. Create a Java file inside it:

C1implementsI1.java
3. Write/save the program in the file.
4. Open the Eclipse IDE.
5. Compile the program.
6. Run the program.
7. **Output:**

```
This is I1 interface.  
This is C1 class.
```

Algorithm:

Step 1: Start the program.

Step 2: Create an interface I1.

Step 3: Declare an abstract method displayI1() inside I1.

Step 4: Create a class C1 that implements I1.

Step 5: Provide implementation for displayI1() in C1.

Step 6: Define another method displayC1() in C1.

Step 7: Create the main class C1ImplementsI1.

Step 8: Create an object obj of class C1.

Step 9: Call displayI1() using obj.

Step 10: Call displayC1() using obj.

Step 11: Display the output.

Step 12: Stop the program.

Program:

```
package assignment;
```

```
// Interface declaration
```

```
interface I1 {
```

```

// Abstract method
void displayI1();
}

// Class C1 implements interface I1
class C1 implements I1 {

// Implementing the method for interface I1
    public void displayI1() {
        System.out.println("This is I1 interface");
    }

// Method for class C1
    void displayC1() {
        System.out.println("This is C1 class");
    }
}

// Main class
public class C1ImplementsI1 {

// Main method
    public static void main(String[] args) {

// Creating object for C1
        C1 obj = new C1();

// Calling interface method
        obj.displayI1();

// Calling class method
        obj.displayC1();
    }
}

```

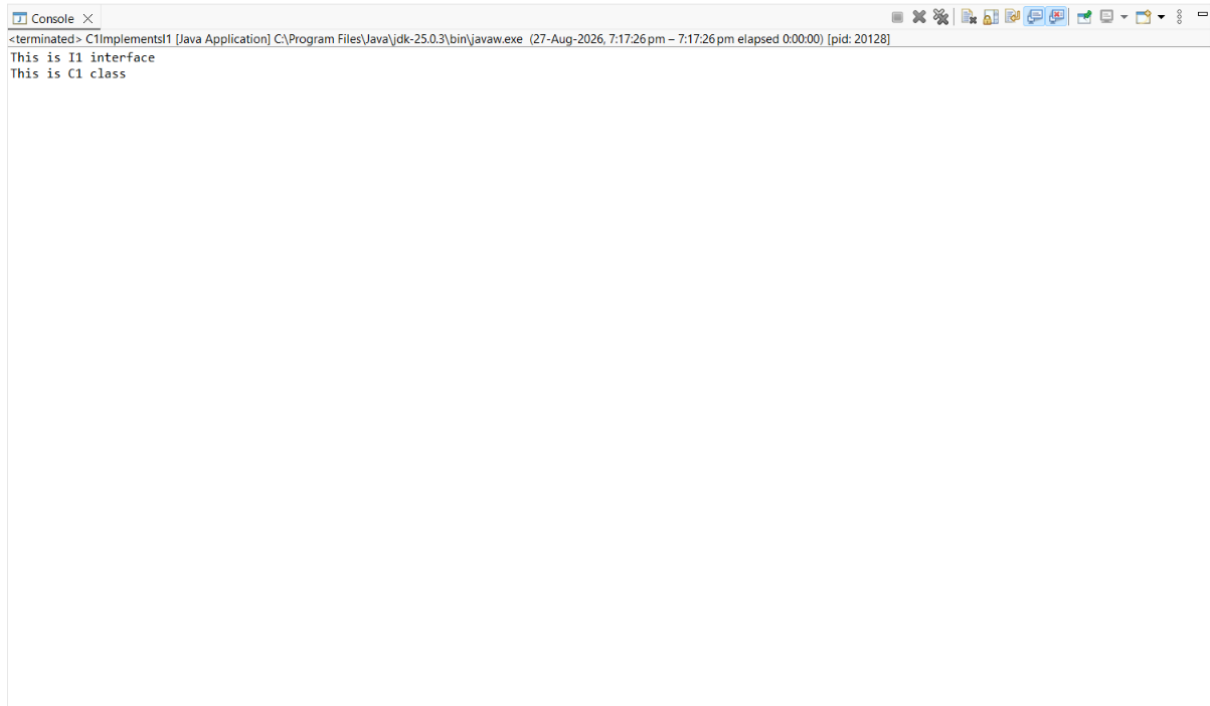

Output:

```

This is I1 interface.
This is C1 class.

```

Output Screenshot:

The screenshot shows a Java console window titled "Console" with a close button. The window contains the following text:

```
<terminated> C:\ImplementsI1 [Java Application] C:\Program Files\Java\jdk-25.0.3\bin\javaw.exe (27-Aug-2026, 7:17:26 pm - 7:17:26 pm elapsed 0:00:00) [pid: 20128]  
This is I1 interface  
This is C1 class
```

The window has a standard Windows taskbar at the bottom with various icons and a system clock showing 8:00.
